

BASILDON SPORTING VILLAGE

In April 2011, the best public sports facility in Essex will open its doors at Gloucester Park North. The Basildon Sporting Village will include a 50 metre swimming pool, regional gymnastics centre, fitness suite and much more. A new grandstand for the athletics track is also being built, along with new 5 a-side football pitches and a car park.

Inevitably this means that there will be some disruption between **October 2009** and **April 2011** as the Sporting Village site is blocked off for health and safety reasons. Please bear with us as we deliver this fantastic project for the people of Basildon.

The current car park will close until April 2011, with a temporary car park with 64 spaces being provided next to the new netball courts (*see map overleaf*). Ample parking will be available at Gloucester Park South.

Access to the athletics tracks, temporary changing, synthetic turf pitch and netball courts will also be via this temporary car park.

The footpath that currently runs from the Uppermayne underpass, past the Murrayfield pavilion, and into the existing car park will stop with **NO ACCESS** past the Murrayfield pavilion. The footpath that runs to the side of the athletics track will remain open with access from the temporary car park and Cranes Farm Road entrance.

Thank you for your cooperation.

For more information please call **01268 294239**

The project is being led by Basildon District Council and Basildon Renaissance Partnership, with funding support from Essex County Council, the HCA, Sport England and Veolia ES Cleanaway Pitsea Marshes Trust.

Working with: Community Solutions for Leisure, Morgan Ashurst and SLM Ltd.
