Assessment of Applications

We may receive more applications than the budget can fund, so we may fund part of the amount you have requested or none at all even if your project meets all of the criteria.

Applications are assessed against the criteria and final decisions are made by Members.

Successful Applications

Successful applicants will be informed by telephone and confirmation will be sent by email, or post. A grant is awarded to successful applicants on the understanding that it be used for the purpose stated in the funding agreement issued at the time of the grant offer. Funds must be spent within twelve months of receipt of your grant.

An authorised person is required to sign a funding agreement, in order for the organisation to receive their award. Any of the Councils’ grant aid which remains unused, or cannot be used for the purpose for which it was awarded could be repayable to the Council. If you

experience problems with spending the grant at any time during the twelve month period then you must contact the Councils' Voluntary Sector Development Officer.

Payments are made by BACS, please ensure your bank details are correct on the signed funding agreement letter.

Unsuccessful Applications

Unsuccessful applicants will be informed via email or post. Feedback will be available to all organisations who do not receive funding and a meeting to discuss your unsuccessful application, can be arranged with the Voluntary Sector Development Officer.

Monitoring and Evaluation

We monitor and evaluate all successful applicants to ensure that funding has been appropriately spent. A Monitoring and Evaluation Form will be sent out with the funding agreement and a reminder will be sent one month before the end of your project. The form must be completed and returned to the Voluntary Sector Development Officer with copies of any invoices, receipts and a breakdown of expenditure either at the end of the twelve month period or the end of the project (whichever comes first).
